The following Disclosures are applicable to the enclosed statement(s). Expanded Disclosures are attached to your most recent June and December statement (or your first Statement if you have not received a statement for those months). The Expanded Disclosures are also available online or by contacting us by using the contact information on the statement cover page.

### Errors and Inquiries

Be sure to review your statement promptly, and immediately address any concerns regarding entries that you do not understand or believe were made in error by contacting us by using the contact information on your statement cover page. Oral communications regarding any inaccuracy or discrepancy in this statement should be re-confirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act (SIPA). Your statement will be deemed correct unless we receive a written inquiry of a suspected error. See your account documentation for special rules regarding your rights and responsibilities with respect to erroneous electronic fund transfers, including a description of the transfers covered. For concerns or complaints, contact us.

### Senior Investor Helpline

Senior Investor clients or those acting on their behalf have a convenient way to communicate with our Firm by calling us at (800) 280-4534 Monday-Friday 9am-7pm Eastern Time.

### Availability of Free Credit Balances and Financial Statements

Under the customer protection rules of the SEC [17 CFR §240.15c3-3], we may use funds comprising free credit balances carried for customer accounts here, provided that these funds are payable to customers on demand (i.e., are free of a lien or right of set-off in our favor or on behalf of some third party to whom you have given control). A financial statement of this organization is available for your personal inspection at its offices, or a copy will be mailed to you upon your written request.

### Listed Options

Information with respect to commissions and other charges related to the execution of options transactions has been included in confirmations of such transactions previously furnished to you and such information will be made available to you promptly at your request. Promptly advise us of any material change in your investment objectives or financial situation.

**Important Information if You are a Margin Customer**(not available for certain retirement accounts)

If you have margin privileges, you may borrow money from us in

exchange for pledging assets in your accounts as collateral for any outstanding margin loan. The amount you may borrow is based on the value of the eligible securities in your margin accounts. If a security has eligible shares, the number of shares pledged as collateral will be indicated below the position.

### Margin Interest Charges

We calculate interest charges on margin loans as follows: (1) multiply the applicable margin interest rate by the daily close of business net settled debit balance, and (2) divide by 360 (days). Margin interest accrues daily throughout the month and is added to your debit balance at month-end. The month-end interest charge is the sum of the daily accrued interest calculations for the month. We add the accrued interest to your debit balance and start a new calculation each time the applicable interest rate changes and at the close of every statement month. For interest rate information, log into your account online and select your account with a Margin agreement to view more information.

### Information Regarding Special Memorandum Account

If you have a Margin Account, this is a combined statement of your Margin Account and Special Memorandum Account maintained for you under Section 220.5 of Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the Special Memorandum Account as required by Regulation T is available for your inspection at your request.

### Important Information About Auction Rate Securities

For certain Auction Rate Securities there is no or limited liquidity. Therefore, the price(s) for these Auction Rate Securities are indicated by N/A (not available). There can be no assurance that a successful auction will occur or that a secondary market exists or will develop for a particular security.

### Structured Investments Risks and Considerations

Structured Investments (Structured Products) are complex products and may be subject to special risks. Investors should consider the concentration risk of owning the related security and their total exposure to any underlying asset. Structured Investments, which may appear in various statement product categories and are identified on the Position Description Details line as "Asset Class: Struct Inv," may not perform in a manner consistent with the statement product category where they appear and therefore may not satisfy portfolio asset allocation needs for that category. For information on the risks and conflicts of interest related to Structured Investments generally, log in to Morgan Stanley Online and go to [www.morganstanley.com/structuredproductsrisksandconflicts](http://www.morganstanley.com/structuredproductsrisksandconflicts).

### Security Measures

This statement features several embedded security elements to safeguard its authenticity. One is a unique blue security rectangle,

printed in heat-sensitive ink on the back of every page. When exposed to warmth, the color will disappear, and then reappear.

### SIPC Protection

We are a member of Securities Investor Protection Corporation (SIPC), which protects securities of its customers up to \$500,000 (including \$250,000 for claims for cash). An explanatory brochure is available upon request or at [www.sipc.org](http://www.sipc.org). Losses due to market fluctuation are not protected by SIPC and assets not held with us may not be covered by SIPC protection. To obtain information about SIPC, including an explanatory SIPC brochure, contact SIPC at 1-202-371-8300 or visit [www.sipc.org](http://www.sipc.org).

### Transaction Dates and Conditions

Upon written request, we will furnish the date and time of a transaction and the name of the other party to a transaction. ### Equity Research Ratings Definitions and Global Investment Manager Analysis Status

Some equity securities may have research ratings from Morgan Stanley & Co. LLC or Morningstar, Inc. Research ratings are the research providers' opinions and not representations or guarantees of performance. Research reports contain more complete information concerning the analyst's views and you should read the entire research report and not infer its contents from the rating alone. If your account contains an advisory component or is an advisory account, a GIMA status will apply.

### Credit Ratings from Moody's Investors Service and Standard & Poor's

The credit rating from Moody's Investors Service and Standard & Poor's may be shown for certain securities. This section reflects positions purchased/sold on a trade date basis. "Market Value" and "Unrealized Gain/(Loss)" may not reflect the value that could be obtained in the market. Your actual investment return may differ from the unrealized gain/(loss) displayed. Fixed Income securities are sorted by maturity or pre-refunding date, and alphabetically within date. Estimated Annual Income a) is calculated on a pre-tax basis, b) does not include any reduction for applicable non-US withholding taxes, c) may include return of principal or capital gains which could overstate such estimates, and d) for holdings that have a defined maturity date within the next 12 months, is reflected only through maturity date. Actual income or yield may be lower or higher than the estimates. Current Yield is an estimate for informational purposes only. It reflects the income generated by an investment, and is calculated by dividing the total estimated annual income by the current market value of the entire position. It does not reflect changes in its price. Structured Investments, identified on the Position Description Details line as "Asset Class: Struct Inv," may appear in various statement product categories. When displayed, the accrued interest, annual income and current yield for those with a contingent income feature (e.g., Range Accrual Notes or Contingent Income Notes) are estimates and assume specified accrual conditions are met during the relevant period and payment in full of all contingent interest. For Floating Rate Securities, the accrued interest, annual income and current yield are estimates based on the current floating coupon rate and may not reflect historic rates within the accrual period.

For additional information related to Unrealized and Realized Gain/(Loss) and tax lot details, including cost basis, please visit [www.etrade.com](http://www.etrade.com). The information presented on the statement should not be used for tax purposes.

**CASH, BANK DEPOSIT PROGRAM AND MONEY MARKET FUNDS**

Cash, Bank Deposit Program, and Money Market Funds are generally displayed on a settlement date basis. You have the right to instruct us to liquidate your bank deposit balance(s) or shares of any money market fund balance(s) at any time and have the proceeds of such liquidation remitted to you. Estimated Annual Income, Accrued Interest, and APY% will only be displayed for fully settled positions. Under the Bank Deposit Program, free credit balances held in an account(s) at Morgan Stanley Smith Barney LLC are automatically deposited into an interest-bearing deposit account(s), at Morgan Stanley Bank, N.A. and/or Morgan Stanley Private Bank, National Association, each a national bank, FDIC member and an affiliate of Morgan Stanley. Under certain circumstances, deposits may be held at other FDIC insured Program Banks. For more information regarding the Bank Deposit Program and the Program Banks, go to [www.etrade.com/bdpdisclosure](http://www.etrade.com/bdpdisclosure). ### SEA RULE 606 - NOTICE OF AVAILABILITY OF ORDER ROUTING INFORMATION

Morgan Stanley prepares quarterly reports describing its order routing practices for nondirected orders routed to a particular venue for execution. These reports are publicly available at [www.etrade.com](http://www.etrade.com). Morgan Stanley will furnish a written copy of the quarterly report on request. In addition, Morgan Stanley will provide on request more-detailed information related to the routing of any order in the six months prior to the request, including the identity of the venue to which the customer's orders were routed for execution, whether the orders were directed or nondirected orders, and the time of any transactions that resulted from such orders.

### SEA RULE 607 - PAYMENT FOR ORDER FLOW DISCLOSURE

Morgan Stanley takes a number of factors into consideration in determining where to route customers' orders, including the speed of execution, price improvement opportunities (executions at prices superior to the then prevailing inside market), automatic execution guarantees, the availability of efficient and reliable order-handling systems, the level of service provided, the cost of executing orders, and whether it will receive remuneration from particular broker-dealers and market centers for routing customer orders to them for execution. Morgan Stanley receives remuneration, generally in the form of cash payments and rebates, from particular broker-dealers and market centers for directing customer orders in securities to them for execution.

### FINRA RULE 4340 - CALLABLE SECURITIES

When a security is subject to a partial redemption by the issuer, the issuer notifies Morgan Stanley, via a central industry depository, of the number of units for the specific security to be redeemed.

Upon receipt of the issuer's notification of a mandatory redemption, Morgan Stanley determines the favorability of the redemption based on the current market price versus the call price. When the redemption of the callable security is made on terms that are favorable to the called parties, Morgan Stanley does not include any firm or employee accounts in the pool of securities eligible to be called until all other customer's positions in such securities have been called. When the redemption is made on terms that are unfavorable to the called parties, Morgan Stanley does not exclude firm or employee accounts from the pool of the securities eligible to be called.

Once the favorability of the redemption has been determined, Morgan Stanley uses a random process designated to allocate called securities on a fair and impartial basis. The lottery process is based on a mathematical formula that determines the accounts that will be selected and the number of securities in the account that will be redeemed.

As a result of the call, you may be left with a position either below the minimum denomination of the security or in an amount that is not an authorized denomination of the security. Such a position may have less, limited or no liquidity depending on the type of security, issuer, size of position or other factors.

As required under FINRA 4340 - "Callable Securities," Morgan Stanley is providing our customers with a link to the firm's allocation procedures related to callable securities located on the Morgan Stanley website: [www.morganstanley.com/about-us-ir/finra](https://www.morganstanley.com/about-us-ir/finra). Additionally, a hard copy of the allocation procedures will be provided to customers upon request.

### FINRA RULE 2264 - MARGIN DISCLOSURE

Morgan Stanley Smith Barney LLC ("Morgan Stanley") is furnishing this information to you to provide some basic facts about purchasing securities on margin. Securities purchased on margin are Morgan Stanley's collateral for the loan to you. If the securities in your account decline in value, so does the value of the collateral supporting your loan, and, as a result, Morgan Stanley can take action, such as issue a margin call and/or sell securities or other assets in any of your accounts held with Morgan Stanley, to maintain the required equity in the account. It is important that you fully understand the risks involved in trading securities on margin.

These risks include the following:

- You can lose more funds than you deposit in the margin account.
- Morgan Stanley can force the sale of securities or other assets in your account(s).
- Morgan Stanley can sell your securities or other assets without contacting you.
- If Morgan Stanley takes action to meet a margin call on your behalf, you will not have the ability to choose which securities are liquidated.
- Morgan Stanley can increase your "house" maintenance margin requirements at any time and is not required to provide you advance written notice.
- Morgan Stanley may change margin requirements at any time without prior notice and call for additional collateral, including without limitation on an intraday basis.
- You are not entitled to an extension of time on a margin call.
